

Mr.Steele

I successfully received your message and I'm very glad and happy that you liked the gift I gave you.

I am very sad that you will not come back to Chelsea High in the Fall. Things just won't be the same without you teaching guitar and helping students find their true talent. You are the greatest and most talented guitarist I have ever seen and heard. Thank you for helping me accomplish my dream of joining Cantare. I will miss you so much but I do hope that God leads you to a better place and to a place that you enjoy being in. I know that where ever you go everyone will enjoy and appreciate your talent and your great heart. Thank you for being the BEST TEACHER AND FRIEND EVER!!!! I wish you, Mrs. Steele and your sons the best of luck! And like you said, "Somos el barco!"
