**REV. REBECCA PUGH BROWN, PASTOR**

Dear Jeffry:

The music today was magnificent: you got us to quiet down and think carefully about harmony and beauty. Your prelude and postlude were moving and beautifully prepared.

Further, the hymns in which you led us were soothing and healing—they worked perfectly with the themes of the worship service.

And your leadership with the children, in their song, was right on.

You are terrific: your capability ranges widely, and your musicianship is exquisite.

Thank you more than I can say.

Warmly,
